

The Ultimate
Driving Machine®

MASTER OF MOTION.

BMW MODEL OVERVIEW.

BAYERISCHE MOTOREN WERKE

Exclusively brought to you by BMW of North America, LLC.

A MASTER CLASS IN PERFECTION

SEDAN

The 7 offers an unparalleled driving experience with its state-of-the-art engineering, technology and luxury. The exterior features dynamic proportions, precise lines and sculpted surfaces that radiate power and elegance. A Carbon Core design makes the frame of this flagship sedan stronger than steel, yet 50 percent lighter. Oh, and it's fast: with its 601-hp BMW TwinPower Turbo V-12 engine, it roars from 0-60 in 3.6 seconds.¹

¹ Based on BMW M760i xDrive. BMW preliminary test results. BMW urges you to obey all posted speed laws and always wear safety belts.

THE

AESTHETIC EXCELLENCE.

Self-assured, authoritative and formidable. That pretty much sums up the front end of the BMW 7 Series, with its broad frame, Active Kidney Grille and an air inlet extending along the entire front bumper that enhances the distinctive appearance.

BEAUTY REDEFINED

The BMW 7 Series has a unique presence, highlighted by an eye-catching horizontal chrome bar in the rear that extends across the vehicle, creating an optical connection between the lights.

20 x 8.5 front, 20x10.0 rear; and
245/40 front, 275/35 rear run-flat¹
performance tires^{2,3}

¹ Run-flat tires do not come equipped with a spare wheel and tire.

² Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires, which provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.

³ Performance tires are not recommended for driving in ice and snow conditions.

Wheel and tire specifications are subject to change. Not all features are available on all models. Get the latest information on standard and optional features, packages and technical specifications. Visit bmwusa.com and select the BMW model of your choice.
