

THE 2011 STS AND DTS

**Vertical LED taillamp** design is a Cadillac signature, and is clearly visible to following drivers.

## THE DTS

**High-Intensity Discharge (HID) headlamps** light the way and available IntelliBeam automatically adjusts from high- to low-beam and back, to enhance visibility.

**Adaptive Cruise Control**<sup>1</sup> an available feature, uses radar to help you maintain your specified following distance automatically and effortlessly.

The DTS is an open invitation to a world of luxurious performance, with an available 4.6L Northstar V8 that delivers 292hp, so you can rest assured that you'll be arriving at your favorite destinations soon enough. The available Magnetic Ride Control suspension system uses advanced sensors that read the road up to 1,000 times a second, then automatically applies the necessary dampening forces to improve handling and ride quality.

<sup>1</sup> Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.

**Adaptive Remote Start** activates the engine, climate control, defroster and optional heated or cooled front seats for the utmost convenience.

**Driver Awareness Package** option with Side Blind Zone Alert<sup>1</sup> and Lane Departure Warning issues visual and/or audible alerts when necessary.

**Memory settings**, an available feature, automatically adjust the driver's seat, power tilt and telescoping steering wheel (when equipped), outside mirrors, and audio and climate settings for two drivers.

**The DTS Platinum** features a leather-wrapped console and instrument panel, Tuscan leather seats, or available, exceptionally soft TEHAMA leather seats, Alcantara<sup>®</sup> luxury ultra-microfiber upper trim, genuine Light Ash wood trim with decorative inlays, premium floor mats, 18" chrome tech wheels, unique chrome grille and door handles, and illuminated door sill plates.

## THE DTS INTERIOR

**Ultrasonic Front and Rear Park Assist**, an available feature, issues audible alerts to help you see what's out of sight ahead of or behind you.

**XM NavTraffic<sup>®</sup>** is an optional, satellite-delivered traffic information service that displays real-time traffic data when equipped with available navigation system.

Craftsmanship speaks for itself. The DTS interior features available premium TEHAMA full-leather seats, heated and cooled front seats, leather-wrapped multifunction power tilt and telescoping steering wheel, and Burled Walnut wood trim. Included are standard OnStar<sup>2</sup> one-year Directions & Connections Plan and a 3-month trial of XM Radio.<sup>3</sup> Bluetooth<sup>®</sup> phone connectivity,<sup>4</sup> Bose<sup>®</sup> Centerpoint<sup>®</sup> surround sound system, and navigation<sup>5</sup> with voice recognition and eNav are available.

- 1 Before making a lane change, always check the SBZA display, check the side and rear mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal.
- 2 Visit [onstar.com](http://onstar.com) for coverage map, details and system limitations.
- 3 Requires a subscription sold separately by XM after trial period. Available only in the 48 contiguous United States and District of Columbia. Visit [gm.xmradio.com](http://gm.xmradio.com) for details.
- 4 Go to [gm.com/bluetooth](http://gm.com/bluetooth) to find out which Bluetooth phones are compatible with this vehicle.
- 5 Map coverage available in the contiguous United States, Hawaii and portions of Canada.
- 6 Required XM Radio and NavTraffic subscriptions sold separately after trial period. XM NavTraffic available only in select markets. For more information, see [www.xmnavtraffic.com](http://www.xmnavtraffic.com).

SAFETY INFORMATION

**Passenger safety** is a primary consideration throughout the engineering process. The STS and DTS were carefully designed to provide a host of features to help you from getting into a collision in the first place.

**StabiliTrak** By comparing driver steering input with vehicle response, the Electronic Stability Control System helps you maintain control by quickly applying ABS brakes to any wheel that begins to slip, and adjusts the power to help correct the steer.

**Tire Pressure Monitor** A sensor in each tire constantly monitors air pressure.<sup>1</sup> Should there be a drop in pressure, you will receive an alert via the Driver Information Center.

**Strong Unit Body** Strategically engineered front and rear crumple zones help absorb impact forces, and a comprehensive use of high-strength steel helps direct energy away from the passenger compartment in the event of an impact.

**Six Airbags**<sup>2</sup> Dual-stage frontal airbags and seat-mounted side airbags for the driver and outboard front passenger. Head-curtain, side-impact airbags mounted at the roof rail help protect both outboard front and outboard rear passengers in the event of a side impact.

**OnStar<sup>3</sup> Automatic Crash Response** In a crash, built-in sensors in your vehicle can automatically send an alert to OnStar. An OnStar Advisor is immediately connected to your vehicle to see if you're okay. Even if you don't respond, the Advisor can use GPS technology to locate you and request that emergency help be sent right away.

LUXURY COVERAGE AND OWNER PRIVILEGES

Cadillac offers the Best Luxury Coverage in the Industry with the Cadillac 5-Year/100,000-Mile Transferable Powertrain Limited Warranty with no deductible plus Roadside Assistance and Courtesy Transportation. Whichever comes first – see your dealer for details.

**Owner Privileges** By driving a Cadillac, you're part of a select group that enjoys special privileges, like the new Cadillac Owner Center, a one-stop resource to enhance your Cadillac ownership experience. Powered by Yahoo!, the Owner Center includes online service reminders, special offers, an online Owner's Manual and more. Members can also store their service records in one place online and have the opportunity to connect with other Cadillac owners. Enroll for these benefits at [cadillac.com/owners](http://cadillac.com/owners). Owner Privileges also include 24-hour Roadside Assistance (1-800-882-1112). Free roadside services include jump starts, towing, lockouts, emergency fuel delivery and flat tire change or Tire Inflator Kit Service (as equipped). And if your trip is

interrupted due to vehicle failure, reasonable expenses may be reimbursed during the 5-Year/100,000-Mile Roadside Coverage period with Trip Interruption Protection. Your vehicle is also covered by the GM Bumper-to-Bumper limited warranty.

**Courtesy Transportation** is also available whenever your vehicle is in for warranted repairs. Cadillac Roadside Assistance and Courtesy Transportation Programs are in effect for the first 60 months or 100,000 miles of ownership, whichever comes first. See your dealer for complete details, terms and conditions of these programs, and the GM limited warranty.

<sup>1</sup> If equipped, does not apply to spare tire.  
<sup>2</sup> Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with airbags. Children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information.  
<sup>3</sup> Visit [onstar.com](http://onstar.com) for coverage map, details and system limitations.

STS EXTERIOR	STS INTERIOR	DTS EXTERIOR	DTS INTERIOR

**ChromaFlair<sup>®</sup>** uses advanced light interference technology and prismatic metallic pigments to create intense, deeply lustrous color.  
**Tri-coat** is a meticulous 3-layer process that results in a dramatic hue-shifting color reminiscent of a show-car finish.

**Tintcoat** is a premium 2-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

<sup>1</sup> Available at extra charge.  
<sup>2</sup> Not available on Platinum.  
<sup>3</sup> Available on Platinum only.  
<sup>4</sup> Not available with Light Gray interior.  
<sup>5</sup> Not available with Titanium interior.  
<sup>6</sup> ChromaFlair is a registered trademark of JDS Uniphase Corp.
