

SPRINTER CARGO VAN

BLUETEC

HAUL MORE OF THE WORLD AROUND YOU.

*Properly secure all cargo

Take your office, warehouse, workshop or even your showroom with you in a van designed to do more with more. The Freightliner Sprinter Cargo Van offers Best-In-Class¹ payload capacity of up to 5,358 lbs., Best-In-Class¹ cargo capacity of up to 547 cu. ft., Best-In-Class¹ standing height² of 6'6" and Best-In-Class¹ rear and side door opening areas.

Powered by a 3.0 liter V6 turbo with BlueTEC SCR diesel technology, the Sprinter delivers incredible fuel economy and impressive power from one of the world's cleanest diesel engines.³ With more miles to the gallon and more miles between intervals of Sprinter Authorized Service, the cost of ownership is even more attractive. Add in state-of-the-art safety features like Adaptive ESP⁴ with Load Adaptive Control & Roll Over Mitigation, ESP[®] Trailer Stability Assist and our unique Cargo Protection load-securing & lashing system, and you've got a van that delivers peace of mind. With financing available through Daimler Truck Financial, the Sprinter Cargo Van can easily work smarter for you.

SPRINTER CARGO VAN

2 ROOF HEIGHTS
3 VEHICLE LENGTHS
3 GVWRs

POWERTRAIN SPECIFICATIONS

Rear-wheel drive
5-speed automatic transmission
Fuel type: Ultra low sulfur diesel
Tank capacity 26.4 gallons
Electronically controlled direct injection
Turbocharger and intercooler function
Battery 12 V/100 Ah, alternator 220 A
BlueTEC SCR Diesel engine with AdBlue[®]
EPA / CARB 2010 Compliant
6-cylinder, V 72°
4 valves per cylinder
Displacement 2,987 cc
188 hp at 3,800 rpm
Rated torque 325 lb-ft at 1,400–2,400 rpm

SELECTED OPTIONAL EQUIPMENT PACKAGES

Accessory Package

INCHES UNLESS OTHERWISE NOTED

Some specifications and features shown or mentioned on this data sheet are optional and only available upon request at extra cost. Specifications are subject to change without notice.

¹ Based on a comparison of the Automotive News classification of full-size commercial vans.

² In base configuration.

³ Requires the use of ultra low sulfur diesel fuel. Freightliner Sprinter approves the use of B5 biodiesel (approved diesel fuel with a maximum 5% biodiesel content) in all BlueTEC engines. The only approved biodiesel content is one that meets ASTM D6751 specifications and has the oxidation stability necessary to prevent deposit-/corrosion-related damages to the system (min. 6h, proven by EN14112 method). Please see your service station for further information. If the B5 biodiesel blend does not clearly indicate that it meets the above standards, please do not use it. The Freightliner Sprinter New Vehicle Limited Warranty does not cover damage caused by non-Freightliner approved fuel standards.

⁴ No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires. Read Operator's Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.

⁵ Optional or part of an Option Package.

Warning: the forces of a deploying air bag can cause serious or fatal injuries to a child under age 13. See Operator's Manual for additional warnings and information on air bags, seat belts and child seats.
